

COMMUNITY REVITALIZATION

Description

The Department of Community Revitalization coordinates the County's growing revitalization efforts and community development programs. The department plays an integral role in the enhancement of existing residential, commercial, and industrial areas in the County. The Department is divided into two major divisions (Community Development and Community Maintenance) and is responsible for administering the following programs: Community Maintenance program; CDBG/HOME programs; Virginia Enterprise Zone program; Commercial Revitalization Assistance; Neighborhood Revitalization Assistance; and property maintenance and zoning enforcement in developed communities.

- To identify needs within the County's older communities and offer staff and volunteer services to improve properties and structures as a part of the Volunteer Assistance program.
- To prepare commercial enhancement plans in older commercial corridors and districts in the County in order to identify barriers for new investment and to develop realistic plans of action for addressing concerns.
- To coordinate the review of tax credit applications and low-interest bond financing requests in order to encourage rehabilitation and new investment in the County's older multifamily developments.
- To coordinate the activities of the County's Commercial Assistance Team to encourage new investment in the County's older commercial corridors and districts.
- To prepare neighborhood plans in older residential communities in the County in order to ensure that such areas remain attractive for existing and potential residents.
- To perform special projects requested by the Board of Supervisors, County Manager, or other departments.

Objectives

- To administer and aggressively market the County's Enterprise Zone program to potential new and existing businesses and/or property owners.
- To administer the CDBG/HOME programs to assist in meeting the County's community development objectives.
- To administer the Community Maintenance program of environmental and zoning enforcement.

Budget Highlights

The Community Revitalization Department's mission statement is as follows: *"To coordinate the County's revitalization programs and services intended to promote healthy, vibrant, and attractive residential, commercial, and industrial communities."*

The Department's budget for FY2014-15 is \$1,467,094. This represents a decrease of \$6,581, or 0.4 percent from the FY2013-14 approved budget, attributable entirely to personnel cost increases, which were partially offset by targeted reductions in the operating and capital components of the budget.

In the FY2014-15 budget, \$3,000 will be budgeted for Interdepartmental Billing. These funds will be used to repay other County departments, such as Public Utilities, that incur expenses in their routine work, that properly relate to community maintenance activity and responsibility. Those expenses incurred by other departments are charged to the Department during the year.

The Department is dedicated to preserving and revitalizing the County's mature neighborhoods and is responsible for developing the award winning Homeowner's Enhancement Guide in 2010. The Guide serves as a means to help property owners

envision an improved and more comfortable home for the future. This neighborhood revitalization tool is intended for homeowners and prospective purchasers of older homes, which may be in need of modernization and enhancement. Elements of the guide are also of value for owners of newer homes, providing a number of ideas, recommendations and tools needed to modernize and enhance their homes and property. By enhancing the appearance of a property it can increase the value, increase the tax base and contribute to the desirability of a neighborhood.

The Community Development Division administers the Housing and Urban Development CDBG and HOME grant programs within Henrico County. These grants, which are awarded by the Federal government each year, are based on the Federal fiscal year. There are six positions within the Department that are fully grant-funded and are not included in the County's personnel complement. This funding is appropriated once the grant award is made and the projects and programs to be supported by the award have been identified. Grant funding that is not expended by the end of the County's fiscal year is re-appropriated in the following year in order to complete the use of this funding. A few of the

Community Revitalization (cont'd)

Community Development Division's major accomplishments within the CDBG and HOME grant programs include the continuation of the project: Homes Housing Rehabilitation and Emergency and Minor Repair Program, the CONNECT Program for at-risk youth, as well as down payment assistance to first-time homebuyers, and funding of the Enterprise Zone Program.

The Community Development Division also administers the Enterprise Zone Program, including the Commercial Assistance Program and the Commercial/Industrial Grants Program. In 2013 the General Assembly approved, and the Governor signed, an amendment to the State Enterprise Zone legislation that extended the duration of the Henrico County Enterprise Zone for an additional eight years, through 2022.

The Community Maintenance Division conducts field inspections, performs community clean-ups, and provides assistance activities for neighborhoods throughout the County. The Division is involved in Operation Paintbrush, which matches civic, church, and neighborhood groups with indigent senior citizens whose houses need minor repairs and painting. This Division also gives community presentations for a number of organizations to raise citizen awareness regarding typical zoning violations. The meetings also allow for the collection of valuable feedback on the program and solicit volunteers for assistance projects. Volunteers continue to contribute many hours to neighborhood clean-up activities as well as assistance projects ranging from yard maintenance and clean-up to building wheelchair ramps and house painting for low-income and senior citizens.

Supervision of volunteers on weekends requires a substantial number of staff work hours outside the normal five-day schedule. The courts' assignment of some Community Corrections Program participants to perform community service also contributes additional hours to the community maintenance programs.

The Community Maintenance Division of the Department of Community Revitalization will continue to work closely with Building Inspections' Existing Structures Division as they provide certain community maintenance services related to violations to the building codes in existing structures and ordinances on graffiti. Historical expenses in both areas are depicted below:
