

# Henrico Extension Home & Garden Programs

## Growing Your Own Food

Tuesday, February 28, 2017 | 7-8pm

Deep Run Recreation Center

Growing your own food can be rewarding and healthy. Learn how to plan, plant, and harvest a garden of any size. This class is free, but registration required at <http://connect.henricorecandparks.com>.

## Gardening for Butterflies

Tuesday, April 18, 2017 | 7-8pm

Deep Run Recreation Center

Everyone loves butterflies! Learn which plants attract butterflies to your garden and how to nourish the larval form of the butterfly. This class is free, but registration required at <http://connect.henricorecandparks.com>.

## Getting Started in the Vegetable Garden

Tuesday, April 4, 2017 | 7-8pm

Twin Hickory Area Library

Growing your own food can be rewarding and healthy, but it's also hard work. Learn how to plan, plant, and harvest a garden of any size. This class is free, registration required at (804) 501-1920 or online at <http://www.henricolibrary.org/>

## Intensive Vegetable Gardening

Tuesday, April 18, 2017 | 7-8pm

Twin Hickory Area Library

Along with increasing production, intensive gardening can save time, space, energy, and water and can be used with most raised beds and containers. Maximize your crop yield with intensive gardening techniques. This class is free, registration required at (804) 501-1920 or online at <http://www.henricolibrary.org/>

## Spring Weed Control

Wednesday, February 22, 2017 | 7-8pm | Belmont Recreation Center

Have you ever wondered what kinds of weeds are growing in your lawn, and how to get rid of them? The program will focus on building healthy turf, crabgrass prevention, annual and perennial weed identification and control. There will be time for answering individual questions. This class is free, but registration is required. To register, call (804) 501-5160.

## Getting Started in the Vegetable Garden

Tuesday, March 21, 2017 | 7-8pm | East Henrico Recreation Center

Growing your own food can be rewarding and healthy. It's also hard work. Learn how to plan, plant, and harvest a vegetable garden of any size. This class is free, but registration is required. To register, call (804) 501-5160.

## Planning and Planting the Perennial Flower Garden

Tuesday, April 4, 2017 | 7-8pm | Deep Run Recreation Center

Join us for a class to learn garden layout, plant and seed selection, and garden strategies for a flower garden that comes back every spring with minimum maintenance. This class is free, but registration is required. To register, call (804) 501-5160.

## Make your Lawn a SMART Lawn

Thursday, April 20, 2017 | 7-8pm | Belmont Recreation Center

Lawns increase the curb appeal of a house and provide areas for families to gather and children to play. Growing beautiful lawns in Virginia can be challenging. We will show you the tips to get the lawn of your dreams while protecting the environment. This class is free, but registration is required. To register, call (804) 501-5160.
