

Henricopolis SWCD Scout Patch Programs for 2020-2021

Lindy Durham, Education Specialist
dur24@henrico.us or 501-5175

Where would we BEE without Pollinators? is the theme of our 2020 Conservation Poster Contest. Scouts are invited to share their thoughts about our natural resources.

Certificates and prizes are awarded to all participants. The deadline for entries is October 9. **Where would we BEE without Pollinators?** is a 20-30 minute program.

Our program for 4-5 graders is **Living In Your Watershed**, which explores the importance of Henrico County's watersheds and how to protect them! Hands-on activities and games are included to make learning fun. Each child receives a copy of *Living In Your Watershed* by Daniel C. Bowman.

Living In Your Watershed is a 50 minute program that addresses Virginia Natural Resources SOL 4.9.

Soil Expert is our program for 2-3 graders. It explores the wonders of soil and why it is important to protect it. Hands-on activities and games are included to make learning fun!

Soil Expert a 50-minute program that addresses Virginia Natural Resources SOL 3.7.

Watershed Health takes 6-12 graders to a waterway to examine all its physical and chemical characteristics. Hands on activities include testing for pH and identifying macroinvertebrates. Scouts discover how our activities on land impact our local waterways.

Watershed Health is a 2.5-hour program that addresses Virginia Living Systems SOL 6.7.

Fun In Nature is designed primarily for grades PreK-2 and introduces one of four conservation themes: the water cycle, water conservation, water pollution and the wind.

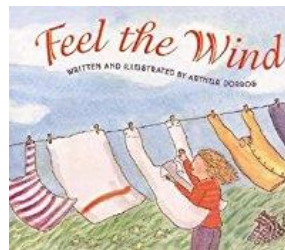

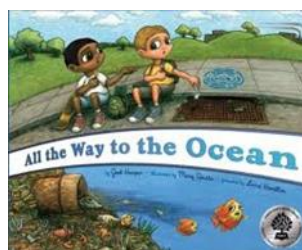

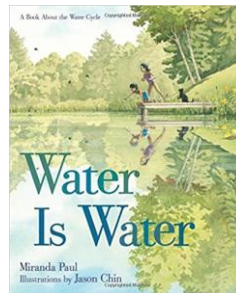

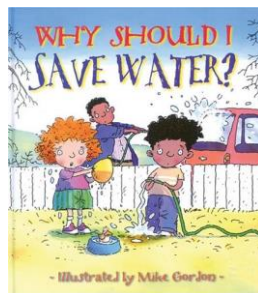

Fun In Nature is a 30-minute program that includes a game or activity to enhance the topic. It addresses Virginia Earth Resources SOLs K11, 1.8, 2.6 and 2.7.

Water Is Water – the water cycle
Water Cycle Bracelet Craft

Why Should I Save Water? – water conservation
Save Water Bingo

All The Way To The Ocean – water pollution
A-maze-ing Water Game

Feel The Wind – all about the wind
Weather Vane Craft
