

PICK-A-DAY to FIGHT-THE-BITE

Pick one day per week
to empty or change the water
in these possible Mosquito Breeding Sites:

- | | |
|---|--|
| <input type="checkbox"/> Bird Baths | <input type="checkbox"/> Rain Barrels |
| <input type="checkbox"/> Boat and Cover | <input type="checkbox"/> Recycling Bins |
| <input type="checkbox"/> Buckets | <input type="checkbox"/> Tarps |
| <input type="checkbox"/> Corrugated Drain Pipes | <input type="checkbox"/> Tires/Tire Swings |
| <input type="checkbox"/> Flower Pots/Trays | <input type="checkbox"/> Toys |
| <input type="checkbox"/> Items behind your Shed | <input type="checkbox"/> Trash Cans |
| <input type="checkbox"/> Items under your Deck | <input type="checkbox"/> Watering Cans |
| <input type="checkbox"/> Rain Gutters | <input type="checkbox"/> Wheelbarrows |
| <input type="checkbox"/> Any other man-made items that hold water | |

For items that cannot be dumped, use an environmentally friendly product labeled for killing mosquito larvae.

Protect yourself from mosquito bites:

- Use mosquito repellent
 - Carefully follow the directions
 - EPA-registered active ingredients include: DEET, Picaridin, IR3535
- Wear long-sleeved loose fitting shirts and long pants

For more information, search “mosquito” at henrico.us or call 226-6453 to request a complimentary mosquito inspection.
