

DIY Milk Jug Water Balloon Toss

<https://kidfriendlythingstodo.com/diy-milk-jug-water-balloon-launch-outdoor-summer-game-for-kids/>

Equipment

- Water Balloons
- Empty milk jugs (one per person)
- Scissors
- Duct tape
- Bucket to hold balloons

Directions

Step 1: Turn milk jug upside down

Step 2: Starting at the handle, cut straight across on both sides of the handle until you get to the crease of the jug.

Step 3: Gradually go up now at a slight angle, cutting the bottom of the milk jug completely off

Step 4: Make a straight edge going across the back (Use the image as a visual guide)

Step 5: Now, use duct tape to cover the sharp edges of the milk jug so the water balloons aren't popped by them

Step 6: You're Done.

Step 7: Now...fill up water balloons, place them in buckets, and give each child a bucket of balloons.
