Time Required: 15 minutes

Prep Required: None

Space(s) Needed: Indoor

Materials:

- Empty egg carton
- Paints
- Pipe Cleaners
- Scissors
- Hole punch

Instructions:

Step 1. Cut the sections from your egg carton. Two sections together.

Step 2. Punch a hole on both sides and cut out center of each section for eyes.

Step 3. Paint and decorate your goggles. Let dry.

Step 4. Fold pipe cleaner in half. Secure through hole punch and adjust to fit around ears.

Variation:

- Try making a goggle with 4 sections to give you even better vision!
- Use sharpie markers to color some cling wrap and tape or glue over the eye holes to give you night vision!
