

Faux Coral

<https://www.allthingswithpurpose.com/diy-faux-coral-tutorial/>

Time Required: 1.5 hours

Prep Required: Preheat oven

Space (s) Needed: Kitchen space.

Materials:

1 Cup salt	Wire
1 Cup all-purpose flour	Water
Pliers(optional)	Oven
Cookie Sheet	Water
Bowl	Stirrer
Paint brush	Paint
Pencil or something to poke holes with	

Prep:

1. Preheat oven to 350 degrees.

Instructions:

1. Use wire to bend and make a frame.
2. Mix salt and flour in bowl.
3. Add water slowly until it makes a clay-like consistency.
4. Cover wire frame with dough and poke holes all over.
5. Set on cookie sheet.
6. Bake in oven at 350 for about ½ hour.
7. Allow to cool.
8. Paint coral color of your choice

Variations:

1. Double recipe to make more and create a coral reef.
