

COMMONWEALTH OF VIRGINIA
COUNTY OF HENRICO

February 8, 2021

DEPARTMENT OF PUBLIC UTILITIES
(804) 501-4517

**RE: Montrose Terrace Area Sewer & Water Rehabilitation
Public Meeting & Construction Notification**

Dear Resident:

A virtual public information meeting will be held on Wednesday, February 24, 2021, at 5:30 p.m. to provide information about the referenced County sanitary sewer system construction project to be completed in your neighborhood. To participate in the meeting, join the WebEx meeting at <https://henrico.webex.com/henrico/j.php?MTID=m27118cd010e116965bfb35054a1006be> (Meeting number: 180 765 9234, Password: construction) or by phone at (415) 655-0002 US Toll, Access code: 180 765 9234.

This project will rehabilitate approximately 3,575 linear feet of 8-inch gravity sanitary sewer pipe and associated sewer service connections and replace approximately 5,050 feet of 4-inch, 6-inch and 8-inch water pipe and associated water services. The enclosed map shows the location of the proposed work. Our Department, the Henrico County Department of Public Utilities (DPU), will manage this project. We have hired a contractor, G.L. Howard, Inc., to complete the project. The work will begin the week of February 22, 2021, with normal working hours from 7:00 a.m. to 6:00 p.m., Monday through Saturday. Completion of all work is anticipated by April 2022, weather permitting.

We will coordinate with G.L. Howard, Inc. and make every effort to minimize the impact of this construction on the residents and vehicular traffic in the neighborhood. If you have any questions, please contact our Community Liaison, Melvin Slough, at (804) 501-7540, or the Henrico DPU Construction Inspector, Bill Carper, at (804) 349-2257. At any time, you can contact me directly at (804) 501-4516.

Thank you in advance for your patience and cooperation during the construction of this utility project.

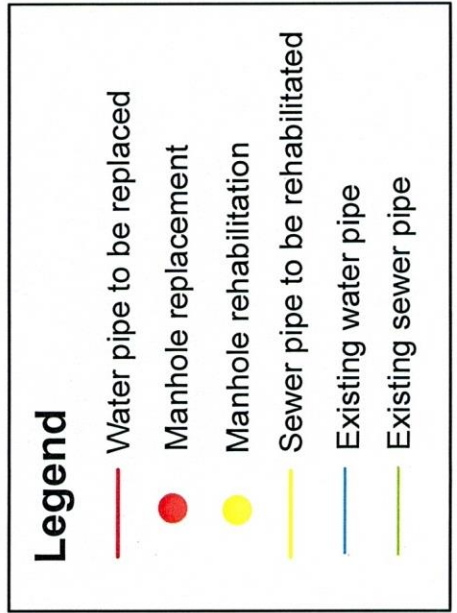

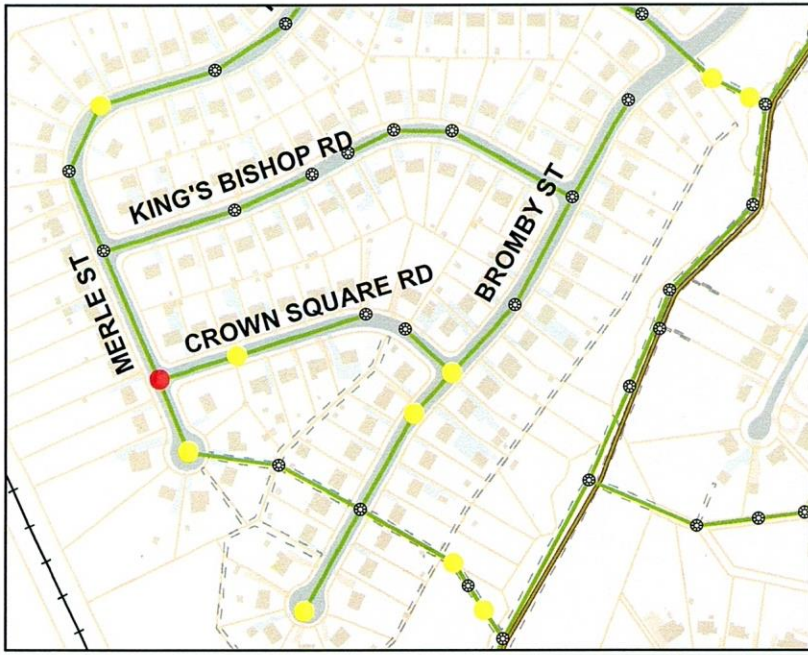

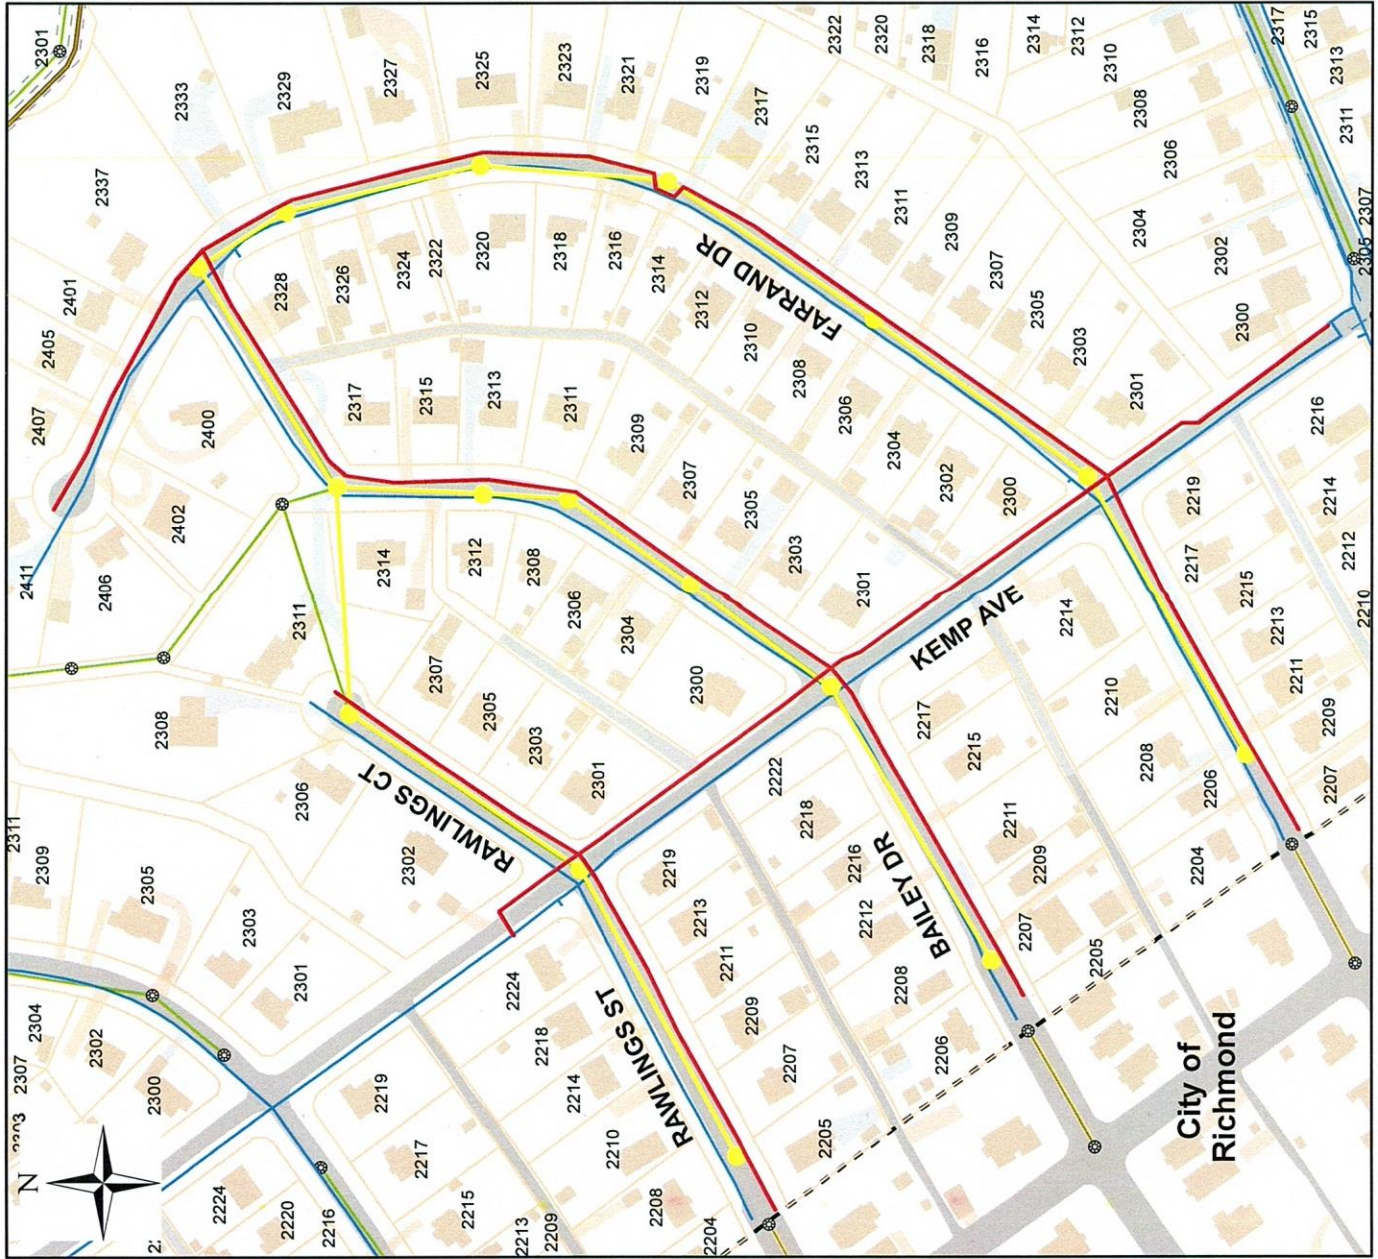

Sincerely,

Bentley Chan, PE
Director of Public Utilities
