**Time Required:** 20 minutes

**Prep Required:** None

**Space (s) Needed:** Indoor

## Materials:

T-shirt- brightly colored or black

Scissors

Velcro dots

Felt

Strong glue (glue gun or fabric glue)

## Instructions

**Step 1:** Lay your T-shirt down flat and Cut off sleeves.

**Step 2:** Now cut both sides of your t-shirt to the arm opening.

**Step 3:** Open out your t-shirt and lay it out flat on the table so that you can see both sides, with the neck opening in the center.

**Step 4:** On one side of your t-shirt, cut around the neckline. You are cutting away the whole of this side, leaving just the neckline attached.

**Step 5:** Trim the side edges a little to get a nice cape shape. You don't need to worry about sewing any hems as the t shirt material usually doesn't fray.

**Step 6:** Add Velcro dots. Cut the neckline at the front of the cape in the center and stick down Velcro dots. This is to make it safer and take it off easily.

**Step 7:** Add some snazzy designs. Cut large shapes from felt to decorate your cape. You can make any shapes or designs you like. You might even choose to cut out the initial letter of your child's name.
