

Prevent Check Fraud!

Henrico Police want to enlist your help to prevent check fraud and the financially devastating consequences often associated with it.

Don't become a victim. Here are some tips ...

- Never mail bill payments or checks in birthday cards or other special occasion cards from a mail box. Instead, take them to the post office and deposit your payment envelope or card inside the post office.
- Never use "drop boxes" for rental payments. Instead, make rental payments in person.
- Use secure online bill payments whenever possible.
- Use only a gel pen to write out your checks. Other pens contain dyes and inks that can be "washed" away. Thieves often use this method called "check washing" to reuse checks stolen from victims.
- Never "pre - sign" your blank checks. Write checks only as you need them.
- Fill in the entire payee line and amount line. If the payee's name or amount does not take up the entire line, draw a horizontal line to take up the blank space.
- Review and reconcile your bank statement as soon as you receive it to identify any fraudulent activity.
- Safeguard convenience checks sent by credit card companies. Shred them if you do not use them.
- If you suspect any unusual activity near mail boxes in your neighborhood, please call the Division of Police at 501-5000.

***Remember:
Report all
suspicious activity
to police!***
