TEMPO

In 2014, the Henrico County Police Division adopted TEMPO - Technology-Enhanced Modern Policing Operations policing business model. Part of that policing business model is including the community as part of the solution to crime. We achieve that through education, raising awareness, by developing and building relationships with citizens, and by encouraging citizens to report all crime and suspicious activity.

Many of our officers are assigned to neighborhoods throughout Henrico County as "Community Officers" who work daily to develop relationships with citizens in their areas. If you do not know who your Community Officer is, you may call the Commander of Community Policing at 501-4819. The Commander can tell you who that officer is and how to contact him/her.

In any emergency you should always dial 911.

Within the Community Policing Section, the Division also employs a number of civilian and sworn employees in the Prevention

Services Unit who are Certified Crime Prevention Specialists. These highly trained individuals are able to answer your questions about TEMPO, crime prevention, perform security audits of your home or business, and advise you how to keep yourself and your loved ones safe.

These individuals and our community officers also present free crime prevention programs to community groups and at other community functions. If you are interested in any of the programs listed, please call the Community Policing Section at 501-5933 to schedule your free crime prevention program.

If you would like to become involved in Neighborhood Watch, or find out if there is an existing Neighborhood Watch in your community, call the Neighborhood Watch Coordinator at 501-4856.

These are just a few of the programs we offer:

DRUG RECOGNITION	PERSONAL SAFETY
Technology-Enhanced Modern Policing Operations (TEMPO)	NEIGHBORHOOD WATCH START-UP
WORKPLACE VIOLENCE	ROBBERY AND SHOPLIFTING PREVENTION
