

Since June of 1993, the Henrico Police Apartment Coalition has worked to facilitate the exchange of information between police officers and apartment managers. We continue to develop partnerships with apartment managers, public and private agencies, and improve the quality of life for multi-family housing communities.

We invite you to become a member of this influential team. Together we can make our communities safer places in which to live, work, and play.

The Police Division is Internationally Accredited.
