**RE: Rocky Branch Trunk Sewer & Abelia Road
Sewer Replacement
Public Meeting & Construction Notification**

Dear Resident:

A virtual public information meeting will be held on Wednesday, March 31, 2021, at 6:00 p.m. to provide information about the referenced County sanitary sewer system construction project to be completed in your neighborhood. To participate, a direct link to the meeting is available at <https://henrico.us/utility/projects> (click on the Project Name and then click the Public Information Meeting link). You may also join the WebEx meeting at: <http://bit.ly/RockyBranchAbelia> or by phone at 1-415-655-0002 US Toll, Access code: 157 729 8736.

This project will abandon existing 8-inch through 18-inch sanitary sewer main and install approximately 7,800 linear feet of new 8-inch, 12-inch and 20-inch diameter sanitary sewer main and replace approximately 30 sewer service connections. The enclosed map shows the location of the proposed work. Our Department, the Henrico County Department of Public Utilities (DPU), will manage this project. We have hired a contractor, Kelvic Construction Company, Inc., to complete the project. The work will begin the week of April 19, 2021, with normal working hours from 7:00 a.m. to 6:00 p.m., Monday through Saturday. Completion of all work is anticipated by August 2022, weather permitting.

We will coordinate with Kelvic Construction Company, Inc. and make every effort to minimize the impact of this construction on the residents and vehicular traffic in the neighborhood. If you have any questions, please contact our Community Liaison, Melvin Slough, at (804) 501-7540, DPU Construction Division Project Manager, Victor Valenzuela, PE, at (804) 727-8727, or the DPU Construction Inspector, Todd Ogden, at (804) 349-2261. At any time, you can contact me directly at (804) 501-4516.

Thank you in advance for your patience and cooperation during the construction of this utility project.

Sincerely,

Bentley Chan, PE
Director of Public Utilities
