Turning shoes and clothing into opportunity

SOLES4SOULS DURING COVID-19

We've noticed lots of folks talking about using their "social distancing" time to *finally* tackle some things they've been meaning to do forever... like cleaning out their closets and setting aside things to donate. If that's you, we're guessing you'll stumble across some shoes and clothing you forgot you had—and will never wear again. **And if you do, Soles4Souls will take them!**

Soles4Souls disrupts the cycle of poverty by creating sustainable jobs and providing relief through the distribution of shoes and clothing around the world. Headquartered in Nashville, Tennessee, the organization repurposes product supply its micro-enterprise, disaster relief and direct assistance programs. Since 2006, we have distributed more than 35 million pairs of shoes in 127 countries and generated over \$250 million in economic impact. A non-profit social enterprise, Soles4Souls earns more than 70% of its income and commits 100% of donations to programs.

During this time of uncertainty, donations are scarce. Soles4Souls relies on these donations to fund their programs. Here's how you can help!

1. Pledge to clean out your closet by registering here ("Create Your Own")
option: <https://www.soles4souls.org/shoe-drive-registration/>
2. Grab some trash bags and go to your closets.
3. Put clothes in one bag and shoes in another.
4. Reference drop-off location options below. Bring whenever you feel comfortable!
5. Fill out donation form so we know there are shoes in the bin and so that we can give you a proper 'thank you': <https://forms.gle/pt8qhtvFninfPEjn9>
6. Watch the impact of what you have donated: <https://youtu.be/uROfTYIYRCY>
7. Consider making a financial donation to help us get new shoes to front-line workers:

Soles4Souls is working to provide for the basic needs of the people they serve, including people who lost their homes and businesses during the recent tornadoes here in Tennessee (Soles4Souls home base), homeless and low-income people across the country, and micro-entrepreneurs around the world working to put food on the table for their families.

This crisis is hitting the entire world, and thanks to the help and support of people like you, we're committed to doing our part to help people survive and recover. Thank you for your kindness, support and understanding. The communities we serve still need our assistance and we thank you for helping us continue our mission. Please take care of yourself and one another!
