

SUPERHERO TAG

<https://www.thespruce.com/kids-superhero-party-games-2104623>

Equipment

Cones, rope, or tape (to create lines in play space)

Directions

Step 1: Mark two lines on opposite sides of the play space.

Step 2: Choose one player to be the superhero and have the superhero stand in the middle of the two lines. The remaining players are villains who must stand behind one of the lines.

Step 3: At the start of the game, all the villains must cross from behind one line to behind the other line without being tagged by the superhero.

Step 4: Any players tagged by the superhero are turned from villains to superheroes and must stand in the middle as well.

Step 5: The villains must cross again to the other side, trying not to get tagged by the superheroes.

Step 6: Play continues like this until all the villains have been caught and peace is once again restored to the world.
