

Wave Bottle

Can't make it to the beach? Bring the waves to you by making your own wave bottle.

Time Required: 15 minutes

Prep Required: None

Space (s) Needed: Indoors

Materials:

-Clear water bottle

-Water

-Food coloring

-Clear oil

-Funnel

-Glue gun/glue sticks or strong bond glue

Instructions:

1. Fill bottle with water, 2/3 full.
2. Add 2 drops blue food coloring.
3. Use funnel to fill bottle with oil.
4. Hot glue the lid on. This ensures the lid doesn't come off.

Variations:

1. Optional- add small items like seashells, beads sequins, googly eyes.
2. Try a different color of food coloring.
3. Shake for extra bubbles.
