## James River Juvenile Detention Center

### DESCRIPTION

The James River Juvenile Detention Center detains youth who are awaiting court action in Henrico, Goochland, or Powhatan counties for criminal offense charges. Additionally, some youth may be sentenced for up to six months after having been found guilty of an offense. This group includes criminal offenders, children in need of supervision, and certain traffic offenders. The facility can house up to 60 youths, who are offered psychological screening and follow-ups as needed, as well as programs in education and recreation, and opportunities for success through a high expectation management program.

### OBJECTIVES

- To operate a safe and secure facility for residents and staff, free of serious incidents.
- To establish and maintain a quality system of health and physical care for residents.
- To provide quality programs and services for residents that enable them to return to their communities better equipped for a productive, crime-free life.
- To encourage and develop the professional skills of all employees.

## BUDGET HIGHLIGHTS

The James River Juvenile Detention Commission (JRJDC) is a regional organization of Goochland, Powhatan, and Henrico Counties, formed to operate a juvenile detention facility. Henrico as majority partner serves as the fiscal agent for the operation of the JRJDC. This arrangement eliminates the need for the Commission to duplicate various administrative functions related to personnel matters, procurement activities, and the management of accounting and budgeting efforts.

During a January 20, 2022, meeting, the Commission approved a budget submission, which reflects funding needed to operate the facility on a day-to-day basis. The operating budget for the JRJDC (excluding facility maintenance funding) totals \$6,181,048 for FY23. This is an increase of \$497,072, or 8.7%, compared to the FY22 approved budget. The budgetary growth was primarily found in personnel, which rose by 9.5% due to wage adjustments and increases in benefit rates.

The budgets for operations increased by \$30,000 due to anticipated cost increases in Maintenance Service Contracts. Capital outlay remained level \$9,130. The capital outlay funding is for replacement of furniture, as well as medical and recreational equipment. Beginning in the FY17 approved budget, \$100,000 of annual funding has been included to address increased maintenance needs as the facility ages. Maintenance appropriation as of January 1, 2022, is \$429,417

In FY23, the Commission will bill each participating locality their operating share based on the number of beds assigned in the 60-bed facility. Per the JRJDC agreement, Henrico has 52 beds and Powhatan and Goochland have 4 beds each. This allocation results in the Commission billing the participating localities for the operating costs at the following percentages: Henrico - 86.6%, Powhatan - 6.7%, and Goochland - 6.7%. The Commission anticipates that these locality contributions will be as follows: Henrico - \$3,624,201, Powhatan - \$280,393, and Goochland - \$280,393.

State aid for the Commission is estimated to be \$1,528,567 for FY23. This figure is 2.3% below the estimate for FY22 and is relatively unchanged from the amount of the State contribution in FY02, the first full year of operations for the facility. As the State's funding formula depends in part on average daily population over a five-year span, future reductions in state funding are possible.

The Commission projects the use of \$467,494 of reserves as part of the budget for FY23. While the Commission has often used this budgeting practice, actual use of reserves has been minimal.

*JRJDC Agency Fund*

As of June 30, 2021, the Commission had a balance of cash and cash equivalents equaling \$4,110,849. The amount of assets in reserve dropped in FY21 but remains at a healthy level equal to roughly two-thirds of the Commission's annual operating budget.

The following is a list of State aid to the Commission for the fiscal years that the JRJDC has been in full operation. As noted above, the projected FY23 level of funding is little changed from that of FY02, the first full year of operations for the facility.
