

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program (CIP) accounts for capital improvement projects that generally require a significant outlay of funds and have a project life of longer than one year. Once funds are appropriated to the Capital Projects Fund for a project, the funds remain appropriated until the project is completed.

Henrico County's capital improvement needs, and funding requirements are outlined in a separate document - the Capital Improvement Program FY2020-21 through FY2024-25. The CIP represents infrastructure improvements requested by County departments over the next five years to meet existing and future service obligations. In evaluating each of the projects, the CIP process takes into account such factors as population growth, density, desired service levels, economic development concerns, and the County's fiscal condition. In the end, the CIP reflects the needs and desires of the residents of Henrico.

The CIP also represents a balance between available resources and competing County priorities. In an effort to ensure that the County's infrastructure is meeting the service delivery needs of the residents, the Board of Supervisors, in consultation with the Henrico County School Board, presented a plan to fund \$419.8 million of projects utilizing General Obligation (G.O.) Bonds. These projects were approved by County voters in the November 2016 election and are considered the highest priority projects. Funding for these projects began in FY2017-18 and will traverse a six-year period (through FY2022-23). With the approval of the bond referendum, County residents affirmed these projects are important to the quality of life in the County and are considered the highest priority projects.

Routine maintenance associated with both Education and General Government facilities is addressed as a means of ensuring County infrastructure does not deteriorate. Other projects given high priority are the ones vital to the economic growth of the County including infrastructure improvements associated with water and sewer transmission. With the approval of the Bond Referendum, many of the County's needs will be met. However, a significant number of projects submitted in the FY2020-21 through FY2024-25 CIP do not have an identified funding source at this time.

The Capital Improvement Program provides for the orderly and systematic financing and acquisition of public improvements. It also provides information for the individual taxpayer, neighborhood councils, and other civic groups interested in the County's development plan; a statement of intention for Federal and State agencies who provide grants-in-aid to the County; and a source of information for potential investors who may purchase municipal securities. By projecting and scheduling capital improvements in advance of actual needs, the County obtains several advantages.

1. Reduction of the need for "crash programs" to finance the construction of County facilities.
2. Budgeting takes place within a system, which assures capital projects will be built according to a predetermined priority system while planning in advance for revenue needed to finance and complete these capital projects.
3. Advance planning ensures projects are well thought out in advance of construction.
4. It permits major purchases to be scheduled in conjunction with favorable market conditions.
5. Coordination with the operating budget is ensured. An important aspect of capital improvement planning is the affect capital expenditures have upon the annual operating cost of the County. When a new facility is established, it must be maintained and staffed, and obligations, which begin when it is made operational, will become continuous. Within the Proposed FY2020-21 Operating budget, all operating costs arising from current and previously approved capital projects that are becoming operational have been accounted for through a crosswalk analysis that is updated annually.

Funding for CIP projects typically comes from two major sources: long-term borrowing and current revenues (pay-as-you-go financing). The operating budget is the primary mechanism through which current revenues are appropriated to capital projects. It is important to note that the FY2020-21 CIP includes the Education Meals Tax revenue which was approved by the voters in November 2013. A total of \$9.0 million associated with this revenue has been dedicated to various school maintenance and rehabilitation projects. Meals Tax revenue, which is

dedicated to Henrico County Public Schools, also provides a resource to fund on-going bond referendum projects. Other sources of financing for the CIP can include State Construction grants, State Lottery funds, State Transportation funds, and Enterprise Fund resources. The amount appropriated for capital projects each year is based on the Capital Improvement Program in effect at the time of the development of the capital budget. The FY2020-21 through FY2024-25 CIP requests of \$1,668,079,492 represents an increase of \$214,879,994 from the current FY2019-20 through FY2023-24 CIP of \$1,453,199,498. These needs are put forward by Departments and prioritized by the Departments over the five-year period. The Capital Budget for FY2020-21 funds \$142,712,800 of projects in the CIP.

The revenue sources for the FY2020-21 Capital budget are as follows:

<u>Revenue Sources:</u>	<u>Proposed FY2020-21</u>
Capital Projects Fund:	
General Fund Operating Budget Transfers:	
General Fund - Designated Fund Balance	\$ 10,000,000
General Fund - Designated Capital Reserve	15,090,000
General Fund - Education Meals Tax Revenue	9,000,000
General Fund - Education Meals Tax Reserve	3,500,000
General Fund - Assigned Fund Balance - School's State Aid Reserve	2,500,000
General Fund - Assigned Fund Balance - Permit Reserve	750,000
General Fund - Stormwater Dedication	2,348,000
Motor Vehicle License Fee Revenue - Public Works	1,500,000
Subtotal - General Fund Operating Budget Transfers:	<u>\$ 44,688,000</u>
General Obligation Bonds - General Government - 2016	\$ 14,000,000
Virginia Public School Authority (VPSA) Bonds	\$ 45,500,000
Subtotal - Capital Projects Fund	<u>\$ 104,188,000</u>
Vehicle Replacement Fund:	
General Fund Operating Budget Transfers:	
General Fund Revenues	\$ 10,274,800
General Fund - Undesignated Fund Balance	750,000
Subtotal - Vehicle Replacement Fund	<u>\$ 11,024,800</u>
Enterprise Fund - Public Utilities:	
Water and Sewer Revenues	\$ 21,950,000
Revenue Bonds	5,550,000
Subtotal - Enterprise Fund - Public Utilities	<u>\$ 27,500,000</u>
Total Capital Budget Revenues	<u>\$ 142,712,800</u>

Capital Improvement Program Calendar

Capital Improvement Program (CIP) preparation requires careful scheduling so the responsible officials are given adequate time and complete information to make sound program decisions. The large volume of data to be compiled into a clear, concise project request, requires the steps in the budget-making process be taken in scheduled and logical sequence. The Capital Improvement Program calendar provides, in chronological order, the key dates set each year to ensure prompt and efficient preparation and adoption of the Capital Budget:

MIDDLE OF JULY - Call for CIP estimates, calendar of dates, and other related information sent to departments.

FIRST WEEK OF SEPTEMBER - Deadline for submission of CIP requests to the Office of Management and Budget.

FIRST WEEK OF OCTOBER - Office of Management and Budget briefs CIP Review Committee and County Manager on status of CIP requests.

FOURTH WEEK OF NOVEMBER - Office of Management and Budget furnishes CIP Review Committee with details and summaries of departmental CIP requests.

FIRST WEEK OF DECEMBER – The County Manager and the CIP Review Committee conducts executive reviews with departments.

MIDDLE OF JANUARY – The County Manager and the CIP Review Committee submits the CIP to the Planning Commission.

MIDDLE OF JANUARY – Planning Commission announces a public hearing on the CIP for middle of February.

MIDDLE OF FEBRUARY – Planning Commission conducts public hearing and submits comments on CIP to the County Manager.

SECOND WEEK OF APRIL – Board of Supervisors conducts public hearing on the proposed Capital Budget.

LAST WEEK OF APRIL - Board of Supervisors adopts Capital Budget.

Proposed FY2020-21 Capital Budget

\$142,712,800

**CAPITAL PROJECTS BY DEPARTMENT
FY2020-21**

EDUCATION **\$ 67,700,000**

Education will utilize \$45,500,000 in Virginia Public School Authority (VPSA) bonds to fund the new Fairfield Area Elementary School and Northwest Area Middle School classroom additions. Furniture and Fixtures, totaling \$12,500,000 for the replacement of the Highland Springs and J.R. Tucker High Schools will be funded with Meals Tax revenues and reserves. Also, \$10,200,000 of General Fund resources will be used for security improvements, school bus replacement, and roof/mechanical maintenance as well as \$2,500,000 of schools State Aid and reserves for security improvements.

FIRE **\$ 6,300,000**

General Fund resources of \$3,000,000 will be allocated for Phase II of the Staples Mill Firehouse. Funding of \$3.3 million is forecasted within the Vehicle Replacement Fund for the Fire Apparatus Replacement Program.

GENERAL SERVICES **\$ 5,700,000**

General Fund resources of \$5.7 million are forecasted to fund planning of a new building on the Administration Center campus, the Juvenile Courts parking lot expansion, energy efficiency projects, various roof and mechanical maintenance projects as well as other small projects throughout the county.

INFORMATION TECHNOLOGY **\$ 2,440,000**

General Fund resources of \$1.69 million will support various information technology hardware and software upgrades and \$750,000 from the Permit Fee Reserve will support the Tidemark Replacement project.

INFORMATION TECHNOLOGY - GIS **\$ 150,000**

General Fund revenue of \$150,000 is included for the Geographical Information System (GIS) to continue the accumulation of funds in order to fly over the County on a routine basis.

POLICE **\$ 10,824,800**

A total of \$7.8 million in General Fund resources will provide funding for construction of the Police South Station. General Fund revenues of \$3,024,800 are forecasted within the Vehicle Replacement Fund for the Police Vehicle Replacement Program.

PUBLIC WORKS - ROADWAY **\$ 9,500,000**

General Fund resources of \$4.5 million are forecasted to fund I-64 North Gayton Road Interchange project, general road construction, feasibility studies, and various pedestrian improvements. The Richmond-Henrico Turnpike project is allocated \$5.0 million in 2016 G.O. Bonds.

PUBLIC WORKS - STORMWATER **\$ 2,848,000**

General Fund resources of \$2,848,000 are included for the ongoing stormwater projects in order to meet the County's Chesapeake Bay Total Maximum Daily Load (TMDL) permit requirement. These ongoing projects involve the construction of stream restoration, level spreaders, and bio-retention facilities as well as other drainage improvements and county- wide projects for flood mitigation.

RECREATION AND PARKS **\$ 9,750,000**

The 2016 General Obligation (G.O.) Bonds totals \$9.0 million for Recreation and Parks and includes Deep Run Park and Taylor Park. In addition, General Fund resources of \$750,000 will provide for facility rehabilitation projects at various County parks.

PUBLIC UTILITIES - SEWER

\$ 19,650,000

Projects funded by revenues from the use of sewer services include \$500,000 for the Water Reclamation Facility improvements and \$400,000 for Sewer Pump Station improvements. \$5.2 million is allocated for the Almond Creek Sewer Pump Station Replacement and Almond Creek Force Main projects. Funding of \$1.5 million is included for the Rooty Branch Sewers. Funding of \$7.05 million is for new sewer connections, extensions of the existing sewer system, sewer line rehabilitation, preventive maintenance of various sewer pump stations, plan review and inspection activities, a roof replacement project, and various sewer relocations, adjustments, and crossings projects. Revenue bond financing of \$5.0 million has been allocated for the Strawberry Hill Basin Sewer Rehabilitation project.

PUBLIC UTILITIES - WATER

\$ 7,850,000

Projects that will be funded by revenues from the use of water services includes the \$4.0 million for the Water Line Rehabilitation and \$1.5 million for the Water Treatment Facility Improvements project. \$1.0 million has been allocated for the Water Meters project. Funding of \$1,350,000 is also included for new water connections, water line extensions, water line rehabilitation, water pumping station improvements, and various water relocations, adjustments, and crossings projects. This funding level will allow DPU to continue maintenance and expansion of the County's vast water and sewer infrastructure network.

CAPITAL IMPROVEMENT PROGRAM

IMPLICATIONS ON OPERATING BUDGET

The Capital Improvement Program (CIP) accounts for capital improvement projects that generally require a significant outlay of funds and have a project life of longer than one year. Henrico County's capital improvement needs and funding requirements are outlined in the Capital Improvement Program FY2020-21 through FY2024-25.

Bringing a new facility on-line requires additional costs such as maintenance, utilities, and personnel to operate the new facility. This impact to the future operating budgets is considered before funding for a capital project is recommended. Operating costs associated with a new facility are assessed to departments' budgets in the year of the facility's projected opening date through a complete "crosswalk" between the capital and the operating budgets.

The proposed Capital Budget for FY2020-21 is \$142,712,800, which funds a portion of the project requests in the first year of the CIP. The projects in FY2020-21 proposed Capital Budget do not have an operating impact on the FY2020-21 operating budget as operating costs have implications on operating budgets beyond FY2020-21. Those costs have been factored in the County's multi-year expenditure forecasts. The FY2020-21 budget reflects new operating costs of \$1,994,782. These operational costs are in support of the Staples Mill Fire Station, Holiday Elementary School Expansion, Police Building Annex, and Fairfield Library. These operating costs are being funded utilizing the Revenue Stabilization Reserve, which was established in FY2000-01 to offset the increase in operating costs associated with bond funded projects.

What appears in the following pages is the estimated incremental impact of operating costs that would arise from all the current capital projects requested within the five-year Capital Improvement Program.
