Mr. Nelson delivered the invocation.

The Board approved the minutes of the March 24, 2020, Regular Meeting.

MANAGER’S COMMENTS

Mr. Vithoulkas thanked those who continue to work around the clock to help the community combat the pandemic. He expressed pride in the resilience and resourcefulness of Henrico employees during these difficult times. At Mr. Vithoulkas’ request, Deputy County Manager for Public Safety Tony McDowell provided the Board with an update on efforts underway by the County staff to support the community. Mr. McDowell noted this is the first time in anyone’s memory that the County’s Emergency Operations Center has been open and continuously operated for a full month. He further noted the Regional Incident Command system was moved the previous week from the Greater Richmond Convention Center to Glen Allen High School. Mr. McDowell mentioned the following examples of activities that have been undertaken with the assistance of County staff to support the community during this unusual event: the Virginia Department of Health call center at Fairfield Area Library; the Henrico County general government call center and text line; the Henrico Resident Outreach Coordination call center, connected with Henrico’s Advocate for the Aging; the Division of Fire’s education and outreach program, which is serving licensed long-term care facilities with assistance from the Henrico Health Department; Henrico County Public Schools’ food distribution and delivery program, including donations from the Henrico Education Foundation, which has resulted in the packaging and delivery of 1,500 food bags to ten low-income apartment communities and served refugee and immigrant families through several food pantries; the Henrico County Economic Development Authority’s support of local businesses through the Nourish Henrico program; School Health Nurse assistance through the County’s 911 call center for...
non-emergency health concerns; the addition of over 500 employees to the County’s telecommuting backbone following a stress test conducted in mid-March by the Department of Information Technology; and implementation of a system by the Department of Information Technology whereby the Commonwealth’s Attorney’s Office can hold cases in General District Court that include both misdemeanor trials and felony initial hearings in a virtual setting. As non-COVID business of the County has continued, the Sheriff’s Office underwent a comprehensive jail audit by the Virginia Department of Corrections on April 8 and was found to be 100 percent compliant with state standards. Also, functions associated with building permit and Planning Department applications are still taking place, with the Administration Building’s lobby area serving as a drop-off and pick-up location.

BOARD OF SUPERVISORS’ COMMENTS

Mrs. O’Bannon acknowledged the recent passing of Tuckahoe District resident Leonard Cake, who was employed by the County for 39 years in the Planning Department and then as the Administrative Director of the Economic Development Authority where he retired in 2012. Mrs. O’Bannon remarked that Mr. Cake will be missed and characterized him as business oriented, pleasant, nice, and well-liked by the business community.

Mrs. O’Bannon mentioned a virtual choir recently assembled at Mills Godwin High School, under the direction of Jacob Devol, has been featured on television and in the newspapers. Mr. Devol gave sheet music to each of the 43 student participants for a song called *Hope Lingers On* and recorded a click track, an audio file with a piano accompaniment and a metronome for the students to listen to while they sang. The students performed their parts individually. Mrs. O’Bannon thanked the choir for performing and presenting this exceptionally beautiful, well-done, and day-brightening song.

Mr. Branin noted the Board has been trying to determine the best way to communicate clear messages to Henrico citizens during this (pandemic) event. Mr. Nelson and Mrs. O’Bannon have held town meetings and informative talks, Mr. Branin and Mr. Schmitt have hosted a three-part informational series, and Mr. Thornton will provide an information session within the next week. Mr. Branin emphasized it is important that the Board explain what is going on in the County and how it is going on and to convey this in the proper fashion.
