PLAN OF DEVELOPMENT & MASTER PLAN (Deferred from the December 14, 2005 Meeting)

POD-64-05
Antioch Baptist Church
1384 New Market Road
(POD-39-96 Revised)

Engineering Design Associates for Antioch Baptist Church: Request for approval of a revised plan of development and master plan, as required by Chapter 24, Section 24-106 of the Henrico County Code, to construct a Phase 1, two-story, 546-seat sanctuary and a one-story, 8475 square foot education building, a Phase 2 parking lot and a Phase 3, 2400 square foot education building expansion. The 4.62-acre site is located at 1384 New Market Road along the east line of New Market Road (State Route 5) between Chatsworth Road and Freeless Street on parcels 804-700-1773, 3054 and 3543. The zoning is A-1, Agricultural District. County water and sewer. **(Varina)**

As of the preparation date of the agenda, staff had not received a revised plan as requested. The staff's recommendation will be made at the meeting. Should the Commission act on this request, in addition to the standard conditions for developments of this type, the following additional conditions are recommended:

24. The entrances and drainage facilities on New Market Road (State Route 5) shall be approved by the Virginia Department of Transportation and the County.
25. A notice of completion form, certifying that the requirements of the Virginia Department of Transportation entrances permit have been completed, shall be

January 12, 2006

- submitted to the Department of Planning prior to any occupancy permits being issued.
26. The developer shall provide fire hydrants as required by the Department of Public Utilities and Division of Fire.
 27. Any necessary off-site drainage and/or water and sewer easements must be obtained in a form acceptable to the County Attorney prior to final approval of the construction plans.
 28. Deviations from County standards for pavement, curb or curb and gutter design shall be approved by the County Engineer prior to final approval of the construction plans by the Department of Public Works.
 29. Insurance Services Office (ISO) calculations must be included with the plans and contracts and must be approved by the Department of Public Utilities prior to the issuance of a building permit.
 30. Approval of the construction plans by the Department of Public Works does not establish the curb and gutter elevations along the Henrico County maintained right-of-way. The elevations will be set by Henrico County.
 31. Approval of the construction plans by the Department of Public Works does not establish the curb and gutter elevations along the Virginia Department of Transportation maintained right-of-way. The elevations will be set by the contractor and approved by the Virginia Department of Transportation.
 32. The location of all existing and proposed utility and mechanical equipment (including HVAC units, electric meters, junction and accessory boxes, transformers, and generators) shall be identified on the landscape plans. All equipment shall be screened by such measures as determined appropriate by the Director of Planning or the Planning Commission at the time of plan approval.
 33. When public water is available to the site, fire hydrants shall be installed by the property owner to meet existing ISO-Needed Fire Flow requirements and Division of Fire commercial property minimum hose lay requirement which is 350 feet.
 34. All buildings when constructed shall include a fire detection alarm system. The alarm system shall be designed and installed to provide immediate notification to the Fire Division in the event of an alarm situation at the facility. A twenty-four hour monitoring company must be utilized for this service.
