## **METHODOLOGY FOR THE 2023 CEMETERY REPORT**

The Cemetery Report is a summary of all documented cemeteries in Henrico County sorted by Magisterial District, type, and status. Information is from a variety of sources including the Department of Recreation and Parks, historical records, and Geographic Information Systems (GIS). A Map is available at the beginning of the report to identify the general location of all documented cemeteries in Henrico County.

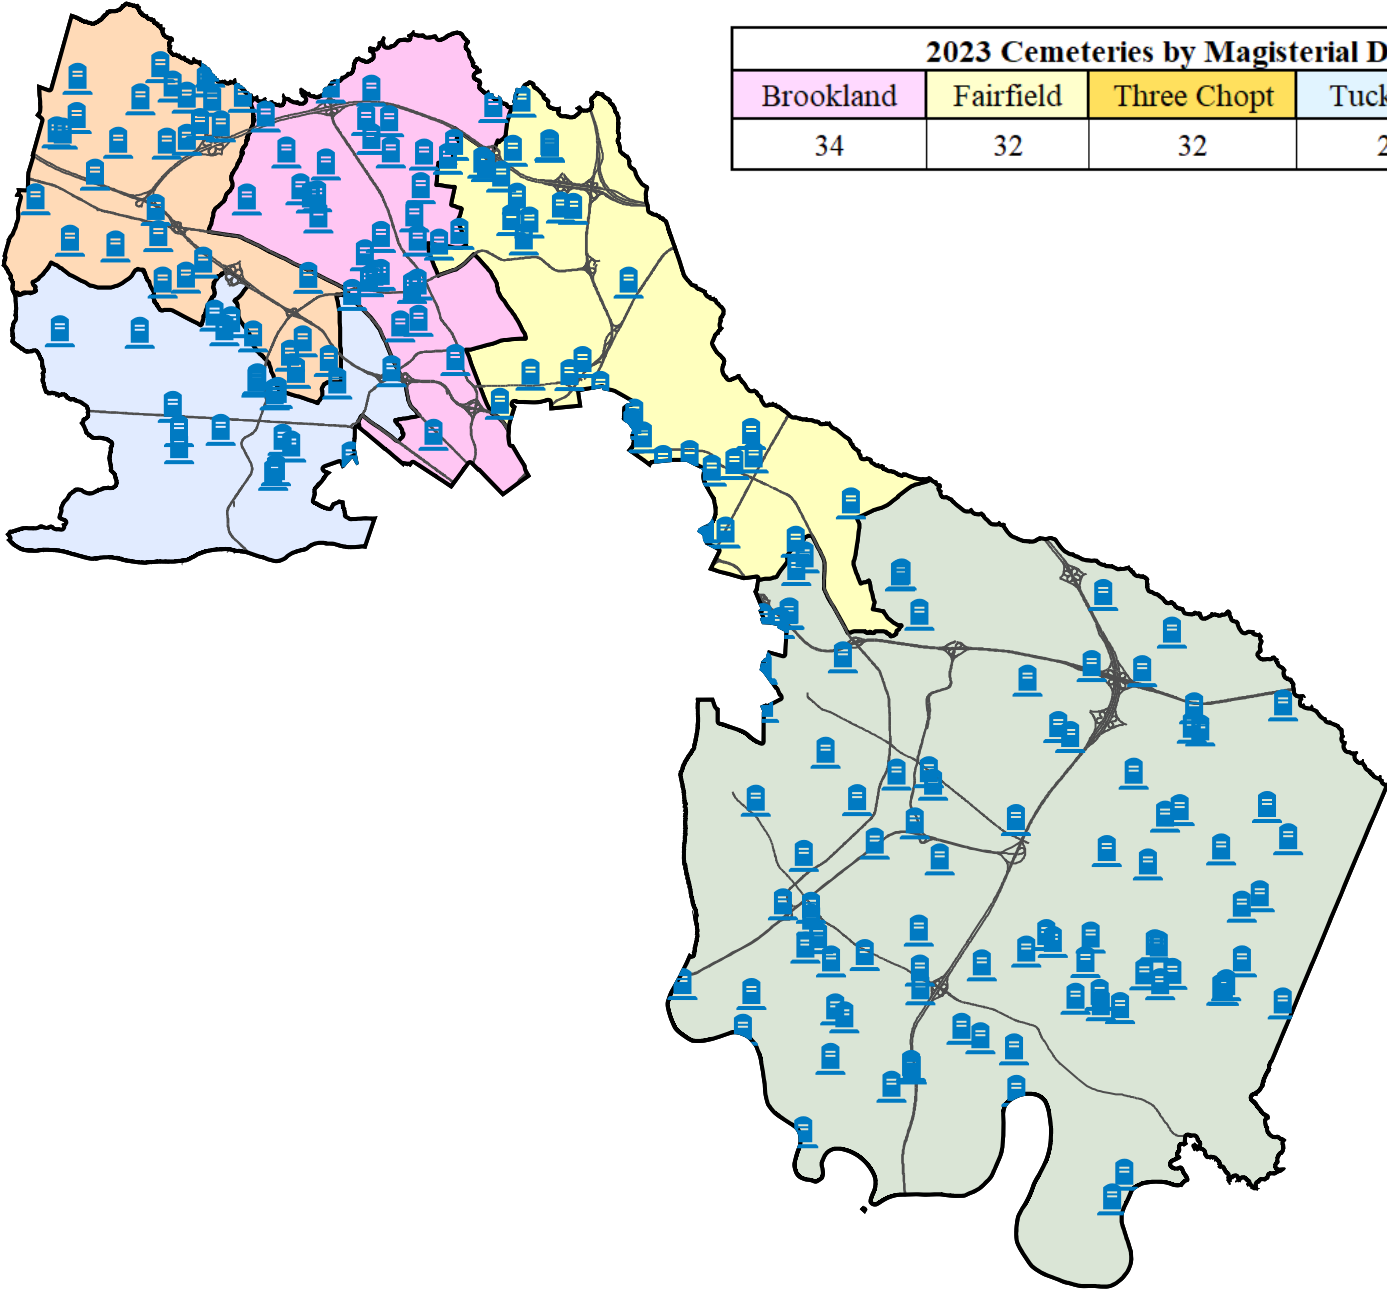

This report provides a variety of information on cemeteries documented by the Department of Recreation and Parks and is subject to change as new cemeteries are identified. Cemeteries are separated into three categories: existing cemeteries verified by staff, reinterred cemeteries that have been moved to a place different than their initial burial, and undetermined cemeteries are those that have not yet been verified. Items below are provided for each cemetery:

- Cemetery Name
- GPIN (Geographic Parcel Information Number)
- Location
- Traffic Zone
- Census Tract (2020)
- Type (Private, Church, Public, Animal, Unknown)
- Zoning
- Acreage (Depending on available information, this could reflect the size of the cemetery or the parcel in which the cemetery resides)
- Status (Existing, Reinterred, Undetermined)
