Dear Sir:

The Board of Supervisors at its meeting on May 14, 2002, granted your request for a Provisional Use Permit in order to add an antenna to extend an existing telecommunications tower from 147' to 157' with related equipment, on part of Parcel 736-742-4060 (88-A-34), subject to the following conditions:

1. Application for a building permit to extend the tower height must be made within one year after the Provisional Use Permit is granted by the Board of Supervisors, unless an extension of time is granted by the Director of Planning upon a written request by the applicant.
2. The applicant shall obtain approval from the Planning Commission should the FAA require the addition of standard obstruction marking and lighting (i.e. red lighting and orange and white striping.)
3. If ownership of the lease is transferred to another provider, the applicant will need to submit a Transfer of Provisional Use Permit.

The Planning Office has been advised of the action of the Board of Supervisors and requested to revise its records and to place a copy of this notification in the Provisional Use Permit Index.

Sincerely,

Virgil R. Hazelett, P.E.,
County Manager
