*Henrico Foster Care program sets fall information sessions*

Henrico residents interested in becoming foster parents can learn about the county's Foster Care program at two information sessions offered this fall by Henrico's Department of Social Services (DSS). The sessions are scheduled for 6-8 p.m. on Monday, Oct. 19 and again on Monday, Dec. 21 at the Human Services Building, 8600 Dixon Powers Drive.

Participants will receive information on a variety of topics, including the special needs of foster children; what it takes to be a successful foster parent; working with DSS staff and the biological parents of a foster child; and the application and approval process. There will be a question-and-answer period as well.

Henrico DSS currently has a special need for families interested in serving as foster parents for young people ages 12 to 20.

Pre-registration for the information sessions is encouraged. Participants can register or obtain additional information by calling Georgia Phillips at 501-7496 or Tony Jones at 501-4245.

Foster parents are "professional parents," available around-the-clock to bring children into their homes and provide temporary and potentially long-term care in a safe, stable environment. Parents must be at least 21, have their own source of income and sufficient living space in their house or apartment to care for a child. They can be single or married, with or without children of their own, male or female, and from all backgrounds, races and nationalities.
