**Hydrofluosilicic Acid**  
**Questions and Answers**  
**May 31, 2018**

Q1. In Section J, Delivery, Item 18 and Section O, Specifications, Item 6. a. – The bid specification in both sections refer to “Hydrofluosilicic Acid shall have a concentration of 23.5% H<sub>2</sub>SiF<sub>6</sub> on a volume/volume (v/v) basis”. Please elaborate on what Henrico County means by volume/volume (v/v) basis?

A1. Volume-Volume percentage (v/v %) is a measure of concentration of a substance in solution expressed as the ratio of the volume of the solution to the total volume of the solution multiplied by 100%.

Q2. How does Henrico County invoice their deliveries of Hydrofluosilicic Acid? Is it based on actual assay received, quality adjusted basis, or other?

A2. Henrico County will invoice on a price per gallon basis.
