**AGREEMENT IN LIEU OF AN EROSION AND SEDIMENT CONTROL PLAN
FOR CONSTRUCTION ON A SINGLE- FAMILY RESIDENTIAL LOT**

In lieu of submission of an erosion and sediment control plan for the construction on this single-family residential lot, I agree to comply with the requirements outlined in this Agreement and as determined necessary by employees of Henrico County, representing the Administrator. Such requirements shall represent the minimum practices necessary to ensure compliance with Sec. 10-34 of the Code of the County of Henrico for construction on a single-family residential lot.

As a minimum, all denuded areas on the lot shall be stabilized within 7 days of final grading with permanent vegetation or a protective ground cover suitable for the time of year. In addition, silt fence will be placed along the down-gradient perimeter of the disturbed area and stone construction entrances will be installed at points of vehicular access to the site to control erosion and sedimentation on or resulting from this project.

I understand that prior to issuance of the Certificate of Occupancy for this single family residence, all disturbed areas not built upon must be stabilized with seed/mulch, sod, gravel, and/or pavement.

I understand that failure to comply with such requirements as specified by the employees of Henrico County will result in the issuance of a Notice to Comply. I fully understand that failure to correct the deficiencies identified in the Notice to Comply will result in the issuance of a Stop Work Order for all construction activities. I understand that all deficiencies associated with a Stop Work Order must be fully addressed before building inspections for the property can resume.

I further understand that noncompliance may result in revocation of this "Agreement in Lieu of a Erosion and Sediment Control Plan" and the requirement of an erosion and sediment control plan in accordance with Sec. 10-34 of the Code of the County of Henrico, including the posting of a bond in accordance with Sec. 10-46 of the Code of the County of Henrico and the identification of the person holding an appropriate certificate of competence who is responsible for implementing the plan.
