# STORM WATER DETENTION AREAS

Note:  
1. The locations of the areas where storm water detention is required are approximate due to the scale of this map. Contact the Department of Public Works for interpretations of the areas particularly along the boundaries.

2. Watersheds included in the storm water detention area:

- Flat Branch
- Lower Deep Run
- Cabin Branch
- Middle Deep Run
- **Stoney Run**
- **Upper North Run**
- **Hungary Creek**
- Lower North Run
- Rocky Branch
- Thorpes Branch
- Jordan's Branch
- Middle Upham Brook
- Lower Upham Brook
- Horsepen Branch
- Stony Run
- Gillies Creek

 Areas of the County where storm water detention, based on the 50-10 concept is required. See section 3-4 of this Manual for additional information.
